PUBLICATIONS AND SITE URL DEADLINE

<http://www.lulu.com/spotlight/astrology>

The cetaceanⁱ years 2011 & 2012 do mark interesting times, indeed. At present, the zodiac is partly vanishing from the web due to a timed deadline. Thousands of publications will expire by mid October 2011, never to be republished again. Make your download till October 14th 2011 when the revealing publications are alas scheduled for timely self-destruction. You don't want the strategic zodiacal as well as magical material to fall into wrong hands, do you now?

WITCHALLOW

As new skies barely make appearance, it's not as yet really known what *new heavens* **are** about. Traces of what we *do* know are to be found within the large body of *Dark Flux – Axis of Evil* material. The deadline - *expiry* for said purchase is October 15th 2011. This deadline is **final** as concern multimedia files. The publications will most certainly *never* be republished. At best, within an accident of luck – they will be made fairly available **on special request** and understandably **considerable additional cost** from RTRRT Masters and initiates. Providing timely expiry, a comparatively modest *Complete Works* \$ 10000 republication – recession exempt - could thus reach half a million of Euros worth by year 2017, **zodiacal information worth its weight in gold.**
